#### Unrest→Protest→Progress - A Summer of Social Justice

The CECH Diversity, Equity, and Inclusion Board presents a summer series of thought-provoking resources focused on spurring racial awareness, dialogue, and understanding. The time for change is now. It is our goal that these resources help us to move from the plight of unrest to a position of progress.

“Change will not come if we wait for some other person, or if we wait for some other time. We are the ones we've been waiting for. We are the change that we seek.” — Barack Obama

### THE HISTORY OF RACISM

This week's topic takes a look at some of the historical truths in our American history. Having knowledge of how and why racism began helps to shed light on current practices of racism that we see today.

### Support for Our International Student Community

On June 6, 2020, the Student and Exchange Visitor Program within the U.S. Immigration and Customs Enforcement made changes to immigration policy that will potentially impact the international student community at the University of Cincinnati.

The changes to immigration policy do not reflect our commitment to promote diversity within our university and to honor and support our international student community. Such changes may severely restrict the academic and research pursuits of valuable members of our student body.

On behalf of the CECH Diversity, Equity, and Inclusion Board, we stand behind our international students. As our mission statement reads: The College of Education, Criminal Justice and Human Services at the University of Cincinnati serves as a model of and resource for diversity that actively supports, empowers, prepares, respects and celebrates all students, staff, faculty and community members by advancing, sustaining and promoting diversity and inclusion in our personal reflections, intellectual pursuits and professional development.
