CECH Diversity Board Recommendations:

Unrest→Protest→Progress - A Summer of Social Justice

The CECH Diversity, Equity, and Inclusion Board presents a summer series of thought-provoking resources focused on spurring racial awareness, dialogue, and understanding. The time for change is now. It is our goal that these resources help us to move from the plight of unrest to a position of progress.

“Change will not come if we wait for some other person, or if we wait for some other time. We are the ones we've been waiting for. We are the change that we seek.” — Barack Obama

“Within the child lies the fate of the future.” –Maria Montessori

Montessori’s quote reminds us that it is what our children learn now that will inform how they structure the future. Children are building their understanding about race from us. How can we

make sure that children are receiving positive messages about racial justice and equality? This week, we take a look at the topic of children and race.
