

Bachelor of Science

Information Technology

Information Technology bridges the gap between technology, people and information with solutions that service their needs. The School of Information Technology provides students with the skills, knowledge, and experiences to become a passionate, solution-minded information technology professional. Gain hands-on, problem solving, and communication skills to solve real-world challenges in a learning environment that goes beyond coursework and class discussions. Our ABET-accredited program prepares students for careers in the following concentrations:

- Cybersecurity
- Data Technologies
- Game Development & Simulation
- Networking / Systems
- Software Application Development

Be EXPERIENCED

Students in the Information Technology program can harness and apply their classroom experience towards a 20 month paid co-op at organizations that include Fortune 500s and startups alike. Full-time students earn, on average, \$45,000 during their co-op semesters.

#3 among the nation's elite institutions for co-op and internships (US News & World Report 2020)

Be IMPACTFUL

UC is a nationally recognized leader in cybersecurity education and cyber operations by the National Security Agency and the Center of Academic Excellence. Home to the **Ohio Cyber Range Institute (OCRI)**, students have opportunities to take classes from OCRI professors and work in the Ohio Cyber Range as a part of the core curriculum.

Be INVESTED

Invest in yourself and your career. Before you graduate, you will build a resume that sets you apart, make connections that can help lead to job offers, learn what you like most about your field, and gain the confidence only experience provides. IT is the backbone of every organization. Prepare for a career in the field with possibilities in almost every industry.

98% Job placement for all of our undergraduate students completing their bachelor degree.

\$77,500 average earnings for entry level college graduates (US Bureau of Labor Statistics, 2019)

15.11% Increase in demand in employment for this field over the next 10 years (US Bureau of Labor Statistics, 2019)

We offer over **400 student organizations** and clubs that support a variety of interests. **You're certain to find your niche.** The School of Information Technology offers the following student organizations:

- Cybercrime Cats
- Information Technology Student Association
- Women in Information Technology
- Women in Cybersecurity (WiCyS)

Get involved and take risks. You never know what opportunities may arise from taking chances.
